PRESS RELEASE

“BERGMAN & DACEY, INC. AND LEHMAN, LEE & XU ANNOUNCE FORMAL COOPERATION”

Beijing, China – Thursday 9 October, 2008 –

Los Angeles trial and litigation law firm, Bergman & Dacey, Inc. and Lehman, Lee & Xu, a top three licensed-China law firm, are pleased to announce their formal cooperation. The two firms will continue to build their successful practices in their respective home markets while also offering unparalleled access to decades of legal knowledge along the Pacific Rim in China and the United States.

"As trade and investment between California and China continue to grow, we are delighted to be partnering with Bergman & Dacey, one of California's top law firms," states Ed Lehman, managing director of Lehman, Lee & Xu. "This partnership allows both firms to build on their strengths and continue to offer the highest standards of legal service in the areas of labor and employment, foreign direct investment, mergers and acquisitions, environmental, transactional, construction, and complex litigation."

Gregory Bergman, managing partner of Bergman & Dacey adds, "As the practice of law becomes more globally focused, we sought out a strategic partner to help us tap into the huge demand for legal services between our two countries."

"As China's base of high net worth individuals grows, we are seeing a definite trend developing where Chinese are looking overseas to invest. We are confident Bergman & Dacey's knowledge of the California market will complement our firm's strengths and our expertise in the PRC legal environment," adds Ed Lehman.
