A Brief Description:

LEHMAN, LEE & XU's Summer Internship Program is one of our channels through which we hire new associates. By offering a summer internship position we would like to provide law students with a hands-on work experience in what it is like to work in China. As a Summer Intern, you will be assigned to a "Master / Mentor" – normally a Senior Attorney who will guide you and assign you work. You may have the opportunity to handle client matters, such as attending negotiations, conducting research, preparation of legal memos, drafting of legal documents, etc. We emphasize teamwork and encourage cooperation, not competition, within our Firm.

Where possible, we encourage interested applicants to participate in the 2007 Summer Internship Program throughout the entire duration. We hope to arrange a nice blend of prestigious Chinese law school scholarship recipients and foreign interns for projects based tasks and assignments in our various Practice Groups according to Interns' preference / areas of interest.
